COMMERCIAL CLAUSES

1 GOVPAY

GOVPAY ELECTRONIC INVOICING

All payment requests must be submitted electronically through GovPay. "Payment request" means any request for contract financing payment or invoice payment by a contractor. To constitute a proper invoice, the GovPay payment request must conform to the requirements identified in FAR 32.905(b), "Payment Documentation and Process" and FAR 52.232-25, "Prompt Payment (OCT 2008)". To ensure the timely processing of invoices GovPay uses an automated "workflow" process to route invoices for review, approvals and payment; as required by the "Prompt Payment Act".

Detailed GovPay information for use of GovPay may be obtained on the Internet at www.govpay.gov. This web site includes user manuals, training resources, instructions for registration and contact information for the GovPay help desk for additional support. All users can access reports on the status of their invoices.

Supporting documentation shall be attached to the GovPay invoice in the form of "flat files" in American Standard Code for Information Interchange (ASCII) and an Adobe PDF file. There is a 15MB limitation on file size for these attachments, per header or line item. Facsimile, e-mail, and scanned documents are NOT acceptable electronic forms for payment requests.

GovPay uses the contractor information in the Central Contractor Registration (CCR) database as one of the components for validating contractor registration. It is the responsibility of the contractor to submit accurate and current CCR information. Failure to register and maintain CCR information, or if it has expired, been suspended, been deleted, or could not be found, will result in rejection of your invoice. An invoice submitted during the period for which information in the CCR could not be verified must be resubmitted for payment after successfully registering or updating registration in CCR. Contractors are encouraged to review their CCR information to ensure the most current information is available for GovPay.

The CCR Assistance Center is available to provide assistance and answer questions. They can be reached at 1-888-227-2423 or on the web at <http://www.ccr.gov>.

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

LPTA LOWEST PRICE TECHNICALLY ACCEPTABLE: ABILITY TO MEET OR EXCEED THE SPECIFICATIONS OF EACH PRODUCT

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

5 52.212-04 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS MARCH 2009

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights—

- (1) within a reasonable time after the defect was discovered or should have been discovered; and
- (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

- (B) Affected contract number and delivery order number, if applicable;
- (C) Affected contract line item or subline item, if applicable; and
- (D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.
